HOWARD
UNIVERSITY

A Proposal for the Walter Reed Army Medical Center Site

From
HOWARD UNIVERSITY
ACADEMIC MEDICAL CENTER

Howard University

- A private institution in the District for 143 years
- Over 11,000 students from around the world
- A key community stakeholder and community partner

Our Mission

- **Scholarship** – Educating future health care professionals
- **Service** – Caring for our patients and elevating the health of the community
- **Science** – Researching the causes and cures of diseases and conditions and how to preserve health and wellness
- **Seeking** – Working to reduce and eliminate health disparities

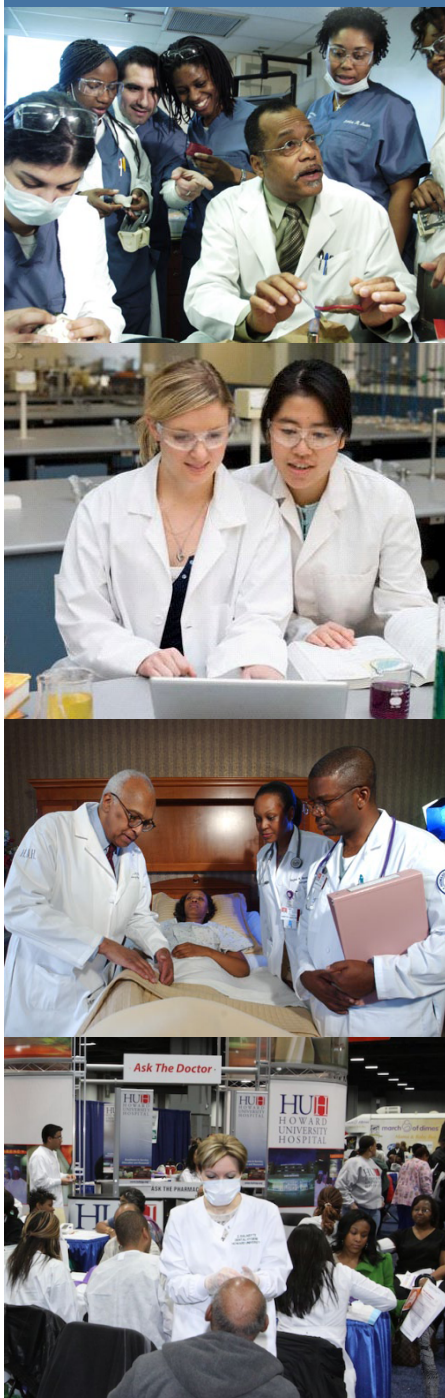

Our Vision for the WRAMC Site

To develop a comprehensive academic health care center:

- That meets the health care needs of the community.
- That includes facilities open to the community.
- That enhances the Georgia Avenue corridor.
- That maintains a campus character.
- That fills the community with a stable work force.

What does Howard University Health Sciences propose?

- Move the Health Sciences activities of Howard University to the Walter Reed site:
 - Hospital
 - Outpatient care and doctors' and dentists' offices
 - College of Medicine
 - College of Dentistry
 - College of Pharmacy, Nursing, and Allied Health

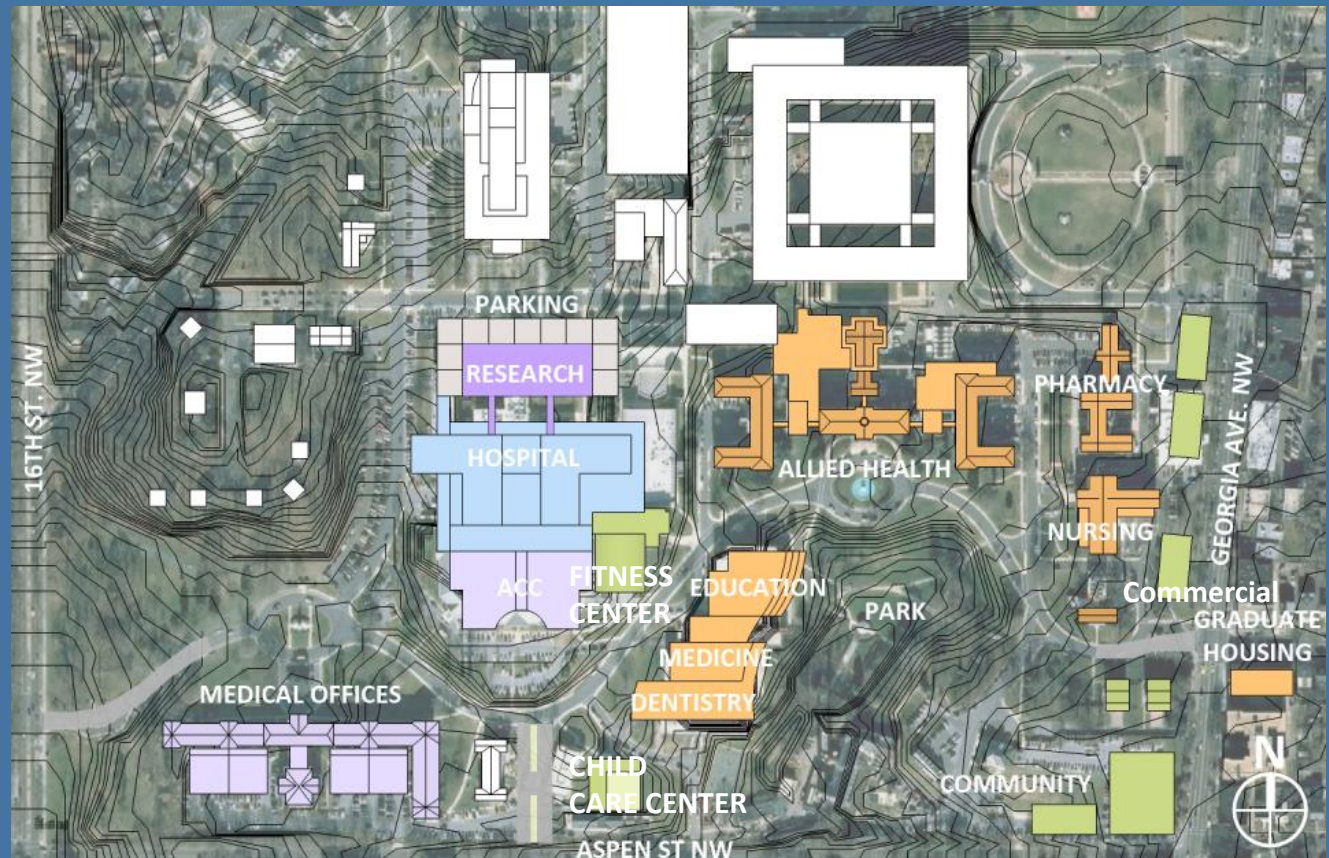

...and more!

- New Aspen Street entrance for the community
- Conference Center – community events & meetings
- Open the Rose Garden bowl – community green space
- Child care center
- Community center
- Fitness facilities
- Retail shops , restaurants, and commercial services
- Graduate student housing

WRAMC Site Proposal

A comprehensive health care campus

Benefits for the Community

- Howard University Health Sciences faculty and staff members are a stable workforce that will be an asset to the community.
